ALL HEALTHY AND CLIPPED BIRDS ARE ALWAYS WELCOME TO ACCOMPANY THEIR HUMAN COMPANIONS TO THE MONTHLY MEETINGS. WE MEET AT THE UNITED METHODIST CHURCH, 6443 MERRIMAN ROAD BETWEEN FORD AND WARREN IN GARDEN CITY. MEETINGS START AT 2:00 PM.

Anyone interested in becoming a member please contact Tammy Carol @ 734-422-5981 or by e-mail sweettweeters@comcast.net

CLUB WELFARE

. Please contact Jean Jedrzejek at 734-427-3187 or e-mail her at bigduke@comcast.net if you know of any club member who is in the hospital or has lost a loved one.

EDITORS BULLETIN BOARD

Steve Plafchan is now doing the newsletter. All ads and articles will be due the 1st weekend of the month for publishing in the current month's newsletter. Please send all items to him at 11021 Henry Ruff Livonia, MI 48150 or email to splafchan@twmi.rr.com

Everyone is encouraged to submit articles for the newsletter – this is YOUR newsletter.

Articles and/or pictures copied from other publications must be accompanied with written permission from original publication and author; this needs to be provided to the editor along with the article and/or picture.

Editor reserves the right to approve and/or edit any articles submitted prior to publication.

Ads will be run free for members having a one-time sale (baby birds, etc.). Anyone who wishes to run ads multiple times or for a business must purchase a business membership.

MONTHLY SNACK LIST

We have decided to stop soliciting for snack volunteers for our meetings and make the format a potluck venue. The reasoning for this is twofold; there have been very few members signing up for snacks and many members just bring dishes and desserts without signing up. So from now on our meetings will be a potluck fair, YUM!!

BIRD CLUB ETIQUETTE

- ❖ Ask owner's permission to handle/feed bird(s) and remember to return bird to the owner.
- ❖ Wash hands prior/after bird handling.
- ❖ When bringing companion birds to club meetings, only bring birds that you have had vet checked and in your possession for at least 30 days.
- ❖ Clean up after yourself and your bird(s) before you leave.

FROM THE PREZ:

By the time this newsletter goes out we will have already hosted another bird fair and I am sure as always it will be a roaring success. In June we will be having our annual Bag-it-Bingo and if you have never played it is a whole lot of fun. Bring a gift and wrap it any way you want set it on the table. We will then have everyone pick a “gift” but do not open it this is where the bingo comes in. We play bingo and when you bingo you then get

to steal someone else's wrapped surprise. We will play for a little bit and open the gifts at the end. It is a blast and maybe I'll get to keep something for a change. Yes summer has come and if you were at the Garden City Flea Circus you know it was a scorcher by the time we left it was about 93 degrees a hot but as always fun time for us. Let us hope for kinder temperatures in August at the Ypsilanti Heritage Festival our other big outdoor event. It just seems that the time just flies by and it leave us wondering where it went and why did it go so fast. That is what happens when you are busy like our group is between the programs and events it can all become a blur. That is why I am grateful for the fun meetings like the Bag-it-Bingo at June's meeting and our club picnic on July 31st. You have got to stop and have fun once in a while or it becomes too much of a chore so that is why we do things like this. No matter what we do we always make it fun and everyone notices and our drawn to our booth. It wouldn't be fun without the greatest members in the world you guys make these things we do like a party so keep looking at the upcoming events for what is happening next and as always **YOU GUYS ROCK!!!!**

Until Next Time
Your Prez
Dave

Voice of the Veep

Due to unforeseen circumstances we don't have a Voice of the Veep this Month. But I am sure Steve would like to say Great Job Everyone

on another successful fair and all the help we had from beginning to the end.

Your Veep
Steve

Out and About with Pookie

Steve has been a little under the weather and we have not been out and about, hopefully by next month we will have some new exploits.

Chirps and Squawks
Pookie

A REALLY BAD IDEA!

Sometimes you have to stop and wonder if people think things totally through before they act; well this is one of those instances.

A gentleman calls and says he is looking for a Macaw so I ask what kind? He replies the kind is not important it just has to be big. So I start fishing around to see what his true motives are and he reveals his true intentions. It seems his nephew is turning 13 and he wants to be the cool uncle and get him a birthday present that would trump everyone else's. So he decided that a large parrot would be the coolest present he could get his nephew. I then ask if the nephew or his parents are expecting and even wanting the commitment a large parrot requires. He tries to reassure me that it will be ok he'll love it. I then tell him that this is the worst of the bad ideas that getting a live animal for a present if unexpected has disaster written all over it. Especially for a 13 year old who as he gets older will more than likely lose interest in the bird as outside activities and girls fill his world. I also said he needed to think about his brother and sister-in-law do they really want this in their home? Do they really want a possible 60 to 80 year commitment? Finally, will they see you as a little misguided in your gift selection or will they want to kill you for being so stupid and not thinking this through. I told him that we cannot and will not adopt even a Parakeet to someone looking for a gift for an unsuspecting person. Getting a live animal of any type requires a lot of thought and research before making that commitment. We commonly get those desperation gifts turned into our rescue especially around Christmas and Easter so I totally refused to adopt him a Macaw. He was not pleased with my decision but I would not budge to even a smaller parrot. So I guess he will just have to settle for some other "cool" present that requires nothing more than batteries.

Picnic Picnic Picnic

Everybody is Invited

to the

2016 Picnic

*Come on out and have fun at the
Rainbow Feathers annual picnic*

The Picnic will be on

DATE: July 31st, 2016

Time: 10:00am to ??

SPECIAL BREEDER PRICING

BITS from BABY

HOWDY to all my feathered and non-feathered Members, this is your roving reporter Baby with the latest and greatest news.

I did not make the May meeting but received a Birdie Gram from Sparky with all that went on there at the

meeting.

May's meeting had Fifty-two people in attendance. There were Forty-eight members and Four guests at the meeting.

There also were thirty feathered members of which Nine African Grays, Four Macaws, and only Two Cockatoos. We also had One new feather friend there a Great Billed Parrot, plus Fourteen other type Parrots in attendance.

Looks like it's going to be a busier year than last year was! Well Guys hang on to your feathers for another fun filled year of programs and events both indoors and outside like Ypsilanti's and the Novi Pet Expo.

Well that's all the info I received from Sparky for now. I almost forgot that in June its Bag it Bingo Time.

Well that all for now.
God bless, till we meet again,
Your friend Baby

THE ADVENTURES OF STEVE AND DAVE

THE

RESCUE RANGERS

IN

A PARAKEET IN PLYMOUTH

Well Ranger fans after a technical glitch you favorite heroes are back (That really translates into too much to do and too little time) anyway we're back. This month's adventure take to Plymouth Michigan to an all too familiar tale one that brings a tear to my eye and maybe to yours and that is the tale of the forgotten about bird. Yes Ranger fans all too often it the same sad scenario a little Parakeet (Budgie) is purchased by a parent for a child then the child grows older and seems to outgrow the little bird they so badly wanted a few years ago. They become more involved with school activities, friends or discover the opposite sex and the poor bird now becomes like a ball and chain. So off to Plymouth go the Rangers to make this little birds life a whole lot brighter. Now this is something that happens so very often that many people do not take into consideration little children grow up and as they do so does what interests them so buying a bird for a young child is usually a bad idea. As it was in this case they saw this poor little blue and white Parakeet left all alone but he immediately started chirping the minute he saw the Rangers. Could he have ever possibly know that his luck was about to change? Did he sense that he was about to enter into a better life one where he would be wanted always and forever? We will never know but as quickly as they arrived they were out the door with this now happy little Budgie. He had such a great

personality that he was soon adopted and living the life he always dreamed of and deserved. Ah yes another happy ending but there is still more work to do and many birds to rescue but they are up to the task for they are **THE RESCUE RANGERS!!!!**

Please stay tuned for our next thrilling adventure No Love in Howell.

WEATHER READY

Ahhh, here we are in the month of June but many do not realize that June first also officially begins our severe weather season. It usually runs through the first week in August and this is when we see some of our worst storms and many of our tornados. Here in Michigan we have become complacent to the watches and warnings for severe weather but if the past winter is any indication we may just have to pay closer attention to what Mother Nature throws our way. What if you were caught up in a severe weather situation, even if it didn't hit you directly it could still impact you, would you be ready? Would you and your pets make it through a rough patch and would you have all that you would need to get you by? Here are some things you should have on you or with you in the event of an extended time of misery caused by the weather. You should have enough food for your pets to last a full three to four full days. Having bottled purified drinking water for

three to four days because in the event of a power failure the sewage can sometimes backup into the drinking water system contaminating it and prompting a boil water order. Money stashed for emergencies. Even if you are fortunate enough to have a generator you should still have these basic items for the safety of your pets. These types of emergencies can happen in the blink of an eye so take that old Boy Scout motto to heart and be prepared!

Nov. 10th most likely around 9:00 am.
Please remember no birds will be allowed
through the front door.**

NOTE**NOTE*****NOTE***
There has been some confusion from
the loyal readers of Bird Droppings as to
which events they are allowed to bring their
own bird(s) to. As a point of reference and
for future information please we want
everyone to be aware that when you see the
line:

Our Club Has a Booth at This Event
following or “Educational Show” preceding
an event listing it means we are attending

the event in an official capacity representing our club and rescue. At these events all club members are welcomed to bring their feathered companions with them. Also please note that our space is very limited at some of these events but don't let this stop you from joining us, we will find a way for you and your birdie buddy to fit in and enjoy the fun.

NOTE**NOTE*****NOTE***

**CANCELTION CONFUSION **

A few of our scheduled events have been canceled at the last minute by the group staging the event. If you do not regularly participate in the shows but plan on attending please call Steve (734-513-0030) to make sure the event is still a go.

BIRD SHOWS

Throughout the year we contract shows and outdoor events. Educational senior shows are at different independent and assisted living homes and nursing homes. Educational shows are at schools and libraries. These are one day events and normally take about three hours. Outdoor and indoor fairs can be two to three day events that last up to ten hours in a day. If the event is outdoors we set up a pop-up canopy with screened in sides.

We want to invite all of our new members to consider joining us at these fund raising venues. If you're not sure about bringing your own bird that's OK we always need help even if it's only for a few

hours. If you have never done one of our educational shows they are a lot of fun and are very well received. Come and join us for a good time.

BAG-IT-BINGO

This month is "Bag-it-Bingo" month and "Bag-it-Bingo" is a blast.

For those of you who haven't experienced this event it's easy; just bring an inexpensive gift wrapped in a paper bag (like something from a dollar store or a re-gifted item). We

then play Bingo for the wrapped gifts, but you can't open them yet.

After all the bags and gifts have been picked bingo winners get to start "stealing" gifts from other winners, When this ends we open our surprises at the same time, some of them will be very nice and some of them turn out to be zonks.

Which one will you get? Be sure to join us for a great time.

RESCUE UPDATE

We had several successful adoptions this past month. Sadly I forgot to write down all the birds that found new homes. I

will mention the ones I can recall: a Severe Macaw, a Goffin Cockatoo, a male Eclectus and a Scarlett Macaw.

We're looking for foster help; any of our members that would be willing to become a foster home please let us know. We need foster parents that would be willing to foster small bird, Budgies, Cockatiels, Love Birds, etc. We also need foster homes for medium to larger size parrots also. Please contact Dave, Tammy or Steve at a meeting to let us know you're willing to help.

We here at Bird Droppings want to thank all of the members of our club for supporting our rescue. It is your participation in the monthly meeting raffles, our annual bird fair and all the adoption events that allows us to fund the rescue. Thank you one and all without your help and participation we couldn't do it.

BIRTHDAY GREETINGS to:

MICHAEL ROSENTHAL	JULY 5

Avast ye Mates

CAPTAIN'S CORNER

Well we did our first outdoor event and we had a really good time and I must say my pet human Dave and Pookie's, Sparky's and J.B.'s pet human Steve have gotten really good at putting the pop-up up. There is one thing that really bothers me and I know it probably shouldn't but why is the first question asked how much would he cost if I were to buy a parrot like him as a baby? Sparky and J.B. also get this question posed to their pet human as well and I think it is rude. I mean I don't ask where they got their fashion sense even though it looks like they got dressed in the dark or comment about their less than pleasant breath! No I keep these things to myself but that question really bugs me to no end. We (Sparky, J.B. and I) are priceless you cannot put a price on our stunning good looks or how we really draw a crowd. In fact, any of my feathered friends are worth more than gold to their pet humans for you can't put a price on the type of happiness we bring. Our pet humans always politely answer them but always let them know WE are priceless. Even at the other events they have been offered large sums of money for us and still refuse it. One man even went as far as to say we were being wasted for not making babies but all our pet humans know that everyone of us are priceless to them and quickly dismiss people like them. Now I know this is not the last time we will here this question but it is nice to know you are priceless to someone special and they love us no matter what. Now that truly is priceless!

Cheers
Captain Morgan

Consider these factors before you purchase a bird

By Don J. Harris, DVM

Purchasing a new bird is an act that requires much forethought and planning. Some potential bird owners research a new car purchase with far more diligence than they do a new pet. But, because some parrots live as long as 50-60+ years, impulse buying may have repercussions that last for decades—much longer than a new car. Here are a few aspects to consider when purchasing a bird.

Does this particular bird fit your lifestyle?

Does the species enjoy a busy and noisy environment with a lot of people interacting, or would it do better in a quieter more isolated environment? If it is a large species, is there enough space in your home for a large cage?

How much time can you devote to a pet?

Does the species demand a lot of care and attention? Is it a “high maintenance” species that needs a lot of one-on-one interaction, or is it happy to be left alone for periods of time?

Does this bird have the pet characteristics you want?

If it is important to you that your bird talks, choose a species with high speaking ability, such as an African Grey, Amazon or Mynah. If cleanliness is important, check out a smaller species. If intelligence is important, you can't beat an African Grey.

What is the average life span of this species?

Life spans range from 10-60+ years, depending on the species. Do you want a bird that may outlive you?

Where are you purchasing your new bird?

Was it bred locally? Is the breeder available for questioning? Is the dealer in a fixed location where you can locate him or her should you need follow-up advice or if a problem arises?

Is there a guarantee?

Be suspicious of anyone who doesn't offer some assurance of the bird's health.

What are the nutritional needs of this species?

Certain species of birds have special nutritional needs. Can you meet them?

What kind of diet is the bird currently eating?

Is the bird already eating a balanced diet or will it need to be converted to a new more nutritious one?

Older birds on seed diets can be difficult to convert, but may encounter health problems if not switched.

Is the bird healthy?

There is no way to answer this without a complete post-purchase veterinary exam. Schedule an exam with your avian veterinarian immediately after purchasing your new bird. Don't wait.

Is your home ready for your new bird?

Is the caging suitable? Is it situated in the correct location in the home? Are the perches arranged correctly? Are there toxic plants or substances harmful to birds in the household that may need to be removed? If your new bird is joining other birds in your family, do you have a plan on how to quarantine the new bird until you have a post-purchase veterinary exam?

AVIAN VETERINARIANS

This is a list of veterinarians who are qualified to treat birds. Meaning, they are able to do diagnostic exams and treatments, not just clip wings and toenails. **Rainbow Feathers Bird Club does not endorse a *specific* doctor, clinic or hospital. This list assists in the search for avian vets. It is not, however, all-inclusive.**
